

The team behind Australia's premier, integrated international convention, exhibition and entertainment precinct, is committed to ensuring world class experiences.

BEST PRACTICE DESIGN

Featuring a striking contemporary design and world class sound, visuals and technology throughout, ICC Sydney has been future-proofed to deliver best practice facilities to provide capability and flexibility to meet a comprehensive range of event requirements for many years to come.

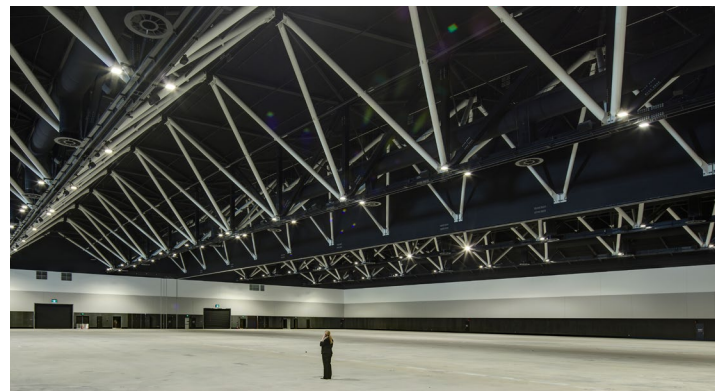

A COMMITTED TEAM

It is the people at ICC Sydney that make the difference in event success. Its team of professionals take the time to understand the individual needs of each exhibition and take a focus on equipping exhibitors for business success.

LOCATED AT THE HEART OF COMMERCE, CULTURE AND INNOVATION

Sydney is Australia's commercial powerhouse and the gateway to its distinguished research, scientific and technology sectors with ICC Sydney located at the heart of these communities. Over 600 multinational companies run their Asia Pacific operations from Sydney and 45% of the top 500 companies in Australasia are located in New South Wales.

ICC Sydney's waterfront location in Darling Harbour attracts more than 26 million people annually. Set amongst green spaces, restaurants, retail and a vibrant public domain, ICC Sydney is only a 10-minute walk to Australia's largest city centre as well as surrounding university, cultural, creative and technology quarters.

ICC SYDNEY EXHIBITION FACILITIES

VENUE LAYOUT AND DESIGN

ICC Sydney is a totally integrated venue, offering ease of access across the venue via an internal concourse, which is linked to a number of major access points. Natural light floods foyers and pre function spaces through glass facades offering spectacular views of Sydney.

The Exhibition Centre consists of seven halls totalling 32,600sqm across two levels with a further 2,400sqm of boutique, multipurpose space called The Gallery, located on level two of the Convention Centre.

WORLD CLASS TECHNOLOGY

ICC Sydney offers leading technological solutions to clients, exhibitors and attendees including venue wide access to high bandwidth, high density and robust wireless connectivity, dynamic and interactive digital signage and elite conferencing facilities.

In response to the 'bring your own device' trend, ICC Sydney has installed easy to use 'intelligent lecterns' which allow several devices to connect at once, either through physical ports or via the integrated Wi-Fi for presentations.

FLOOR LOADING AND SERVICE PITS

Floor loading capacity across both levels is 20kPa. Service pits are based on a 6m x 6m grid, with trenches allowing safe and efficient reticulation of additional services as required. Services include in-ground access to 3 phase power, data, water and drainage. Compressed air can be provided.

LOADING DOCKS

The level 1 loading dock servicing halls 1-4 is undercover and located internally on the eastern side of the venue. Each all has a 5.6m wide x 4.5m high loading dock door.

The level 4 loading dock servicing halls 5-7 is located at the western side of the venue, accessed from Darling Drive, with a separate one way circulation system. Each hall has a 6m wide x 4.5m high loading dock door.

THE GALLERY

The Gallery has floor service boxes on a 6m x 9m grid with additional wall service boxes. Each floor service box has 1 x 3 phase 32 amp power, 2 x single phase power and 2 x data outlets. Floor loading at this level is 5kPa. Loading dock facilities are also available for The Gallery via the Convention Centre.

GREEN TRANSPORT & ACCESS OPTIONS

It is now even easier for you and your clients/guests to get to the exhibition with ICC Sydney's multiple public access points - the venue can be reached by foot, car, coach and light rail.

Airport

Darling Harbour is only 8km from Sydney Airport.

Bus

ICC Sydney has its own bus stop. Bus routes 389 and 501 stop at Harris Street near Allen Street - a 10-minute walk from ICC Sydney.
