## CONTACT DETAILS

### Company/department performing work:

**Name:**

**Phone :**

**Describe location(s) of work (car park areas):**

**Name of event (if applicable):**

**Description of work, including equipment to be installed and estimated time required to complete the work:**

## MANDATORY REQUIREMENTS

- All persons conducting a business or undertaking (PCBUs) and workers must comply with Work Health and Safety (WHS) legislation and follow safe work practices to ensure, so far as reasonably practicable, the health and safety of all.
- Car park & logistics and ICC Sydney Security departments must be advised of arrival times, duration of work and departure times.
- All persons working in the car park must wear high visibility clothing.
- If the car park is open to the public, all work areas must be delineated by a minimum of two metres around work area with barriers, traffic cones, hazard tape or similar.
- Any hazardous items (e.g. dangerous goods, electrical installations and distribution boards) must be under constant monitoring and/or securely enclosed to prevent unauthorised access. Appropriate warning signage must be displayed. Any cables or other equipment installed in the car park must be removed at the conclusion of the event.
- Work cannot be carried out over parked vehicles; cables, hoses and other loose parts and equipment are not to be placed near vehicles.
- Forklifts can only be used at times approved by the venue. They must be less than 2m high, adhere to the 5km/h speed limit and have a current condition registration.
- Workers must not access storerooms or plant rooms within the car park without an ICC Sydney representative present.
- Cables, hoses etc. must be adequately secured at all times and not likely to fall or hang into public areas.
- All work at heights (including use of ladders) must be conducted according to safe work practices, WHS legislation, Australian Standards and SafeWork guidelines.
- An electrical licence is required before any wiring or fitting work can be undertaken throughout ICC Sydney's home state of New South Wales (NSW), regardless of the cost of the work and whether the work is residential, commercial or industrial.
- Electrical wiring means the actual physical work of installing, repairing, altering, removing or adding to an electrical installation, or the supervision of that work. For licensing purposes, it is defined in the Home Building Act 1989, with the same meaning as in the Electricity (Consumer Safety) Act 2004. ICC Sydney carries out all power connections to the venue's main distribution system. No live work is permissible.
- All electrical equipment must be maintained as per manufacturer's specifications, tested and tagged as per the requirements of Australian Standards.
- All electrical work must undertaken in accordance with safe work practices and WHS legislation.
- Plumbing installations are to be tested prior to use, and checked regularly during use.
- Equipment must not be attached to, nor rest upon any part of the fire sprinkler system. Installations should not block the normal operation of the fire sprinkler system.
- Risk assessments and/or Safe Work Method Statement (SWMS) specific to the task must be available on site.

## ADDITIONAL REQUIREMENTS

Advise the venue if this activity presents any other health and safety risks and how these will be managed. If applicable, please detail below or submit a risk assessment and or SWMS.
